I. INTRODUCTION

The Board of Trustees of the Bristol County Retirement System is evaluating domestic large cap value equity managers (“Proposed Product”) for a potential mandate of up to approximately \$75 million. Individual contracts will be awarded and stated in accordance with M.G.L. Ch. 32 and all applicable investment guidelines administered by the Public Employee Retirement Administration Commission (“PERAC”). The Board reserves the right to reject any and all proposals at its discretion or to select more than one manager and to determine the amount of assets each will manage.

Please direct questions pertaining to the Request for Proposal via email only to bostonrfp@segalmarco.com.

II. GENERAL INFORMATION

The Bristol County Retirement System has undergone extensive studies by both its actuary and its consultant, Segal Marco Advisors, to determine the status and direction the fund must take in order to best serve the current and future needs of its members. Based on these studies, a target asset allocation and investment goals have been determined. The Bristol County Retirement System utilizes two large cap value managers currently. Per M.G.L Ch. 32 requirements, the System is required to re-evaluate its existing managers on a periodic basis. The Board is looking to hear from managers with experience investing in domestic large cap value equity that will offer appropriate diversification with other managers employed by the System.

The Board is utilizing a Request for Proposal process. The Chief Procurement Officer is Roxanne Donovan, Executive Director. The Board will also use the services of Segal Marco Advisors as its search consultant on this project.

III. SCOPE OF SERVICES

The successful respondent will be expected to invest the assets under its care in accordance with the dictates of M.G.L. Ch. 32 and the rules and regulations set forth by PERAC as well as the professional standards of a fiduciary.

The manager's primary responsibility, however, will be to serve the Board in its fiduciary capacity regarding these funds. The investment manager will be expected to meet with the Board at regular intervals and to report to the Board at least monthly on the portfolio. The

investment manager will be expected to invest in accordance with the goals and objectives of the Board and within the tolerance for risk established therein.

Should the respondent ultimately be selected to manage assets on behalf of the Board, under the requirements of M.G.L. Ch.32, Section 23B, the contract must state that the manager is a fiduciary with respect to the Board's funds and that the manager shall not be indemnified by the Board. Additionally, the contractual commitment cannot exceed seven years.
